BULLETIN.
(By Associated Press Leased Wire.)Paris, June 13, 1:30 p. m.—The South Atlantic liner *Sequana* with 550 passengers on board has been torpedoed and sunk with a loss of 190.The *Sequana* was sunk in the Atlantic. Among the passengers was a detachment of the Senegalese rifles.The *Sequana*, formerly the city of Corinth, was owned by the South Atlantic Navigation company of Paris. Its gross tonnage was 5,557. It was 430 feet long and was built in Belfast in 1893.

\$2,000,000 Cargo Lost.

Boston, June 13.—The Leyland liner *Anglian*, which left Boston May 30 for Liverpool has been torpedoed and sunk by a German submarine, according to cable advices received by agents here today.

War Situation

Submarines are again giving evidence of pronounced activity.

Paris advises announce the sinking of the French liner *Sequana* of 5,557 tons from whom 190 men were lost out of 550 passengers.Another vessel reported sunk is the Leyland liner *Anglian* of 5,552 tons, which left Boston for Liverpool with a general cargo May 30.

Further progress toward active participation in war by American troops was reported today with an announcement of the arrival of Major-General Pershing and his staff in France.

Simultaneously the Russian mission to the United States headed by Boris A. Bakmeteff, has reached America, landing at a Pacific port, enroute to Washington.

In the field of military operations the greatest activity continues to be shown by the British. Last night witnessed new advances to be made by General Plumer's troops apparently being engaged in making good their advance scored on a two-mile front east and northeast of Messines yesterday, when the village of Gaspard was occupied.

Further south, however, the British forces had to withstand a counter attack on the new positions they won yesterday below Lens on both sides of Souchez river. This was successfully met, the Germans being driven off by artillery and machine gun fire.

On the French front there was little activity except by the artillery.

LONDON CHILDREN
AIR RAID VICTIMS

(By Associated Press Leased Wire.)

London, June 13.—The east end of London was bombarded today by 15 hostile airplanes.

A large number of British airplanes pursued the Germans who flew over Essex to London. No reports of casualties have been received thus far. The following official statement was issued:

Lord French commander of the home defenses reports that about fifteen hostile airplanes were heard crossing the Essex coast, passing in the vicinity of the North part of the estuary of the Thames at about 1:30 a. m. They proceeded in the direction of London, separating when they had covered about half the distance.

Airmen in Pursuit.

The east end of London has been attacked and bombed, but no reports have yet been received of casualties or damage done. Anti-aircraft guns of the London defenses have been in action. A large number of airplanes are still up in pursuit.

INFANTILE PARALYSIS
CASE AT SUGAR GROVE

The first case of infantile paralysis in this section was reported today by Dr. Norman Marion of Big Rock. Edward, 14-month-old son of John Liedberg, residing near Sugar Grove, is the patient. Dr. Clarence East, of the state board of health, visited the home today and quarantined the family. The baby was put to bed Sunday night apparently in the best of health but Sunday morning he was unable to walk. Both the right arm and the right leg are paralyzed.

NATIONAL WAR DRY BILL
IS ADVANCED IN SENATE

(By Associated Press Leased Wire.)

Washington, June 13.—A new bill to prohibit manufacture during the war of foodstuffs into distilled spirits and malt liquors, was ordered reported today by the Senate agriculture committee.

Another provision of the bill would empower the president to requisition existing supplies of distilled spirits if necessary to conserve food supplies or to secure alcohol for war purposes.

CANVASSING NEW YORK
FOR THE LIBERTY LOAN

(By Associated Press Leased Wire.)

New York, N. Y., June 13.—Red fire, brass bands, oratory and other things that mark the close of a bitterly fought political contest will be used here to bring in subscriptions to the Liberty loan of 1917, up to the last minute, when today, the streets begin to boom with "open road" hunting, preparations being completed for the big rally in Union square tonight; blind houses were mailing thousands of letters appealing to their customers to subscribe to the loan and canvassers continued their work of personal appeal. Banks will keep open tonight and tomorrow night, 10 p. m. or as much later as necessary, to receive subscriptions.

In addition numerous parades are being organized to keep the campaign constantly before the public up to Friday noon when the subscriptions close.

RUSH MARINE RECRUITING

(By Associated Press Leased Wire.)

Chicago, Ill., June 13.—Recruits for the United States marine corps have come forward so rapidly since the opening of "Marine week" that today Chicago was within 40 of completing the quota expected of this city. So far 454 men have been accepted and it is expected that the result of the week's recruiting will far exceed the 566 men asked from Chicago.

SUSPECT CHASE

Police Get the Names of Six

More Men Who Failed

to Register.

FIRST SUSPECT INNOCENT

The names of six more slacker

suspects, men who failed to register

June 5 for the new United States

army, were handed to the Aurora po-

lice today and detectives were sent

out to take them into custody. Com-

plaints are being made by men who

registered and charge that others

evasioned the law.

While Fred Cunningham, 494

Charles street, was proving to the

police late yesterday afternoon that

he was 32 years old and over the

draft age a second suspect was

brought into headquarters. He was

Nicholas J. Goedert, 27 Downer place,

a salesman employed by the E. N.

Connor Monument company.

Shows His Papers.

Mrs. Frances Cunningham, widow

of the man taken by Detective

Conley as a "slacker" suspect,

produced insurance policies to prove

that her son was 32 years old.

The date of the son's birth as given on

the policies was Jan. 23, 1885, making

him 32 years old last January

and altho he has been in this country

since 1894 he has never been naturalized.

The police, convinced that Cunningham was over the age, released him.

Goedert told the police that he was under the draft age, that he would not be 20 years old until next October.

Chief of Police McCarty re-

leased Goedert on promise of the sus-

pect's employer that he would return

with birth records showing that he was exempt from draft. Goedert has written to his mother at LaCrosse, Wis., for proof.

We have received orders from the

government ordering the arrest of all

men of the draft age who did not

register. Chief McCarty said today

if there are any persons in Aurora

who know of men of the draft age

who did not register they should re-

port to me at once. Names of in-

formants will be kept a secret. It

is the only way we can get a line

on the "slackers."

It is not necessary to enter com-

plaints in person. Unsigned letters

giving the names of the suspects will

answer the purpose, the chief said.

The Draft Begins July 1.

The total registration is nearly 2,

000,000. Official figures from 12

states are still missing.

Little Children Victims.

A bomb struck a school house kill-

ing ten children and injuring 50. One

German airplane is reported to have

been brought down.

In the house of commons Chancellor

of Bonar Law said 31 persons had

been killed and 67 injured in London

alone.

Poor Worst Sufferers.

The east end of London, in which

lives the city's poor suffered heavily

from the raid. Bombs fell in many

congested districts, and while the

number of casualties has not yet been

ascertained two hospitals report

handing upwards of 50 cases, four of

whom died and many of whom were

seriously injured.

CENSORED

The Kane county board of su-

pervisors yesterday adopted a reso-

lution condemning the Beacon

News and county officials who

gave the paper information used

in an article in which it was stated

that the Kane county almanac ac-

cording to the county auditor's report

was at least \$23,500.62 during

the past year.

The supervisors called the publish-

ers of the net cost of running the

poor farm a criticism. So far as is

known no person has yet been found

who expects a poor farm to make

money for the county.

The county board with fine indi-

gents sets out to defend Frank S.

Averill, the present superintendent,

and his wife. They were not even

mentioned in the news item.

The paper called attention to the

fact that a report of the losses at the

poor farm or cost, had been made for

the first time. Perhaps if other re-

ports had been made it would have

been shown that losses or costs in

other years were much greater.

BOUNTIFUL YIELDS OF SPRING WHEAT

Failure of Winter Crop Likely
to Be More Than Made Up by
Coming Autumn Harvest.

Situation Unusual in Labor World—
Northwest in Need of Men—
West Has Plenty of Help.

By Associated Press Leased Wire.
Chicago, June 13.—Failure of the
winter wheat crop and increase acre-
age and indicated bountiful yields in
the spring wheat belt have combined
to produce unique conditions in the
summer labor markets of the plains
states. Not until Minnesota, the Dak-
otas and Montana begin late in July
to harvest what have been predicted
as the biggest crops in their history
will there be a demand that em-
ployees other than those in touch
with the fields send helpers to the
farmers. Hitherto the Macedonian cry
has been heard two months earlier.

"Kansas will be able to handle its
harvest this year with men coming
from states that surround us. It will
be folly for anyone to come from east
of the Mississippi," says the labor
bulletin of the Kansas department of
labor and industry.

"Nebraska will not need any outside
help now or in the wheat harvest,"
says Prof. E. L. Rhoads of the fed-
eral department of agriculture who is
handling the labor question in that
state. "We are short less than 50
men and they are needed to cultivate
corn."

Northwest Needs Help.

Contrasted to this picture are re-
ports from the northwest. State and
federal officials in touch with the
situation are unanimous in predicting
a real need for harvest hands when
the spring wheat reaches maturity.
Only hall or blights or similar calamity
to the fields can stand in the way
of the fulfillment of these forecasts.
It is said.

A survey of the situation in the
chief wheat producing states follows:

Kansas—Harvest begins June 25
to July 20. The wheat crop is the
smallest in years. Reports to the
state department of labor and industry
indicate that only 7,500 men will
be needed in the fields, this number
being about one-fifth of the army gen-
erally wanted in Kansas. Prospective
harvest hands are warned not to pay
fees to private labor agencies but to
communicate with the state or fed-
eral employment bureaus.

Nebraska—No outside help needed
at all. Only 10 per cent of the winter
wheat that was needed in surviving
and estimates of the crop vary
as wheat and expects no great
difficulty in finding the necessary
men.

North Dakota—Survey of the state
with reference to crop and labor con-
ditions is being made by Robert J.
Leth of the federal department of
agriculture. He already has found
prospects of a much larger crop than
last year with a consequent greater
demand for labor.

Minnesota—Fred D. Sherman, state
immigration commissioner, says the
demand for labor will be greater than
can be filled locally. He has re-
porters in every county and because

GENERAL PERSHING LANDS AT BOULOGNE

GIVES ENGLAND TWO MORE MONTHS LIFE

Von Heydebrand in German
Reichstag Is Certain

Quotes German Admiral on Complete
Victory Thru Success of Sub-
marine Blockade.

(By Associated Press Leased Wire.)
Copenhagen, June 13, via London.—
England is given less than two more
months of life by Herr Von Heyde-
brand, conservative leader in the
reichstag. In a speech to his electors
he quoted a German admiral as saying:

"We hope, yes we are certain, that
two months at the most the condition
of the English will be such that Great Britain will be finished."
Confident of Victory.

Herr Von Heydebrand had asked
the admiral whether he believed Ger-
many could win a complete victory
thru the submarine campaign. The
admiral's confident reply was used by
the conservative leader to confound
"doubters" and "lukewarm individuals,"
found among the German masses
who are "questioning in increasing
degrees the political and military ef-
ficacy of ruthless submarine war-
fare."

Herr Von Heydebrand also gave
warning against hope of a separate
peace with Russia and a consequent
easy victory over Germany's other
opponents.

Land and reviewed the French ter-
ritory. The American then entered

motor cars for a ride around the city.
Along the route they were followed
by crowds of people who greeted
General Pershing with the greatest
enthusiasm. At 11 o'clock the general
received a number of French
newspaper correspondents. He then
departed for Paris on a special train.

SOME WIVES ARE ASKING HUSBANDS BE DRAFTED

(By Associated Press Leased Wire.)

Washington, June 13.—Among the
hundreds of letters reaching the provost
martial-general's office these days from
wives, mothers and sweethearts asking
an exemption for their men, officials
have announced today to find several from
wives recommending that their husbands be
reconscripted. One woman said her hus-
band didn't want to go to war but had
no good reason for not going, and "re-
quested" the war department that it would be
just as well to make a sending of him.

MELT FAMED HAMBURG
CHIMES INTO CANNON

(By Associated Press Leased Wire.)
Copenhagen, June 13, via London.—
Hamburg has just blazed a touching fare-
well to the noted chimes in two principal
churches, St. Nicholas and St. Peter,
from which the bells have been silenced
since the Germans began to melt all
German church bells to be melted into
cannons.

Great crowds assembled around
the towers and joined in hymns which
canonists played for the last time on the
bells. The chimes are composed of 42
and 40 bells respectively, and will provide
about 20 tons of gun metal.

TRADE COMMISSION URGES FIXING PAPER PRICE

(By Associated Press Leased Wire.)

Washington, D. C., June 13.—Pooling of news print paper production and importation under a government agency for distribution to publishers at a price providing a fair profit to manufacturers was recommended to-day by the federal trade commission in a report on its investigation of the paper industry conducted during the last year. The commission also suggested that the government seek to induce Canadian authorities to establish a similar agency to co-operate with the American pool.

In a letter transmitting the report to the senate which ordered the investi-
gation, the commission asked emergency legislation to make the recommendations effective. It declared that if the 1916 consumption of 177,750,000 tons of paper is equated to this year, the cost to consumers will be \$105,000,000, an increase of \$5,000,000, or 50 per cent over 1916, and that one-half of this increase represents additional profits to manufacturers.

The voluntary agreement arranged with manufacturers several months ago for distribution of paper to publishers at a price grade to moderate prices was abandoned, the commission reported, and the plan failed because no government authority for enforcement existed. The situation is serious and likely to reach a panic state in a few months because of lack of sufficient competition among producers, said the commission.

VEGETOLE

—The Alternative Shortening

THIS will be a "Vegetole Year" for those demanding utmost value; because lard is high. Vegetole is a money-saving alternative—an absolutely pure vegetable fat; and while grade for grade a vegetable fat cannot excel lard, we do recommend Vegetole for every ordinary use in frying and shortening. It makes appetizing pie crusts, lightest biscuits, delicious cakes and cookies. Use it for deep fat frying.

EDWARD FOWLER DIES SUDDENLY

Prominent Manufacturer Succumbs to Heart Attack While Seated in Auto.

FIRE EXCITEMENT TOO MUCH

Edward Y. Fowler, 67 years old, department manager of F. E. Royston & Co., wholesale grocers, and one of Aurora's well known men, succumbed to a heart attack while sitting in his electric machine in front of the H. K. Taylor store, 51 North Broadway, this morning at 9:15 o'clock. Mr. Fowler was the father of attorney William Fletcher Fowler, master in chancery of the Aurora city court.

The sudden death of Mr. Fowler, while not unexpected by himself and members of his family, as he had been afflicted with heart disease for the past year, may have been hastened by excitement incident to a fire in the Royston building at 3:10 o'clock this morning. When notified of the blaze Mr. Fowler hurriedly dressed at his home, 22 South Root street, and went to the building. He remained there until the fire was extinguished and all danger of a second outbreak was past.

Picks First Rose for Daughter.

Despite the fact that he was called from his bed at so early an hour, Mr. Fowler was up again at his usual time this morning. As he went into the yard to enter his automobile he noticed that the first rose was in bloom on one of the bushes. He picked it and went back into the house to give it to his daughter, Mrs. Loomis.

Raymond Schultz, 224 Galena boulevard, a clerk at the Royston offices, noticed Mr. Fowler sitting in the machine in front of the Taylor store with his head bowed. He called for help and the unconscious man was carried into the store. Dr. J. W. Dreyer was called but could render no aid.

Mr. Fowler, son of Edward Young Fowler and Mary G. Fowler, was born in New York city, March 7, 1850, and came to Aurora with his parents in 1854. He had resided here ever since with the exception of one year when he was located in Des Moines, Iowa. He was a brother of the late William J. Fowler, president of the Aurora Silverplate company, and of Mrs. G. W. King of Aurora, and the late Mrs. John L. Little.

Two Sons Survive Him.

He was married to Miss Mary Florence Waterhouse, daughter of the late L. W. Waterhouse, March 7, 1876, who survives him. The couple had three children: Attorney William Fletcher Fowler, Mrs. Harriet Fowler Loomis, wife of Lieut. Com. Samuel C. Loomis, United States navy, and the late Mary Clara (Dolly) Fowler. The latter passed away in 1889.

A boy Mr. Fowler went to work for his uncle, Henry Williamson, a grocer. Later he was employed by the grocery firm of Pease & Alexander. He was also employed as a messman by the Deering Harvester Company and the Walter A. Wood Harvester Company, of Des Moines; but for a number of years had been a member of the firm of F. E. Royston & Co. He also was interested in the Silverplate company. He was a member of the Knights Templar. Funeral notice later.

Want More Night Men.

The night men, Mr. Bertrand said, is to be increased as fast as men can be hired. Lathe hands, milling machine hands and machinists of all kinds are wanted. The factory is so loaded with work that it is probable that before many weeks the night force will be almost as big as the day gang. A capacity force, 600 men, is now at work days.

Mrs. J. P. Love and Frances and Mercedes Von Lyon will leave tomorrow for Lewiston, Mont., to their ranch where they will spend the summer. John Love plans to stay here to ring his bell July 4 and will leave soon after that for a five weeks' stay with his family.

For Those Who Suffer Pain in Stomach, Back or Joints.

(By SAMUEL HAMILTON, M. D.)

In recent years investigation by means of X rays and the observations of scientists such as Cannon, Grutzinov, Pavlov, Fowler, Hawk, prove that an abundance of water is necessary in good bodily housekeeping. To drink a pint of hot water after meals is good practice and these coming from a diarrheal condition of the stomach will find benefit in adding about 10 grains (one-sixth of a level teaspoonful) of baking-soda, drinking it an hour before each meal.

If your kidneys are sick, or you suffer with rheumatism or rheumatism, pain in the back or neck of the neck, take a little Anuric before meals. Anuric (double strength) can be found at any good drug store, and was first discovered by Dr. Pierce, of the Surgical Institute in New York.

When you are down, when life is dead, has brought about a stagnant condition in the circulation—most everyone is filled with uric acid—especially is this so of people past middle age. This uric acid in the blood often causes rheumatism, gout, swelling of hands or feet, or a bag-like condition under the eyes. Backache, frequent urination or the pains and stiffness of the joints and high blood-pressure are also often noticed. Everyone should drink plenty of pure water and exercise in the open as much as possible. I also found that Anuric is an anti-dote for this uric acid poison and that it will dissolve the accumulation of uric acid in the body much as hot water dissolves sugar.

CARRY PETROGRAD

(By Associated Press Leaded Wire.)

London, June 13.—A Petrograd press report states that preliminary returns

indicate that the socialist Blue, comprising revolutionary socialists, democratic socialists and laborites carried the election in the Petrograd district for members of the municipal council. In the election universal suffrage for women was applied for the first time in Russia. The constitutional democrats, also known as the Reds, polled the second highest number of votes.

Can It Be Possible That You Are a Slacker?

That you have enjoyed the freedom and opportunities of American citizenship and will not rally to their defense in a life and death struggle with military despotism?

"No"

is the answer which will be flung from the lips of every red blooded American. His life and his property will be freely offered if necessary. No tax would be too heavy and no sacrifice too great to preserve for himself and his children the blessings of democracy. But in the meantime let us prevent the need of such sacrifices by prompt preparation for war and ready response to the nation's call for funds.

Buying Liberty Loan War Bonds

is a very small sacrifice for even the poorest to make. It is no sacrifice at all. It is not a tax. You are not asked to spend money. You are simply asked to lend it to the United States Government at 3 1/2 per cent interest. You never could lose a penny unless the whole country went bankrupt and then you would lose it anyway.

Time is now all-important. Only a few hours remain in which to subscribe. See your banker or any banker at the first moment, and let him have your subscription for \$50 or \$100 or \$500 or \$1,000, whatever you can afford.

YOUR HEALTH
(By JOHN B. HUBER, A.M., M.D.)

Dirty hands spread much disease.

Fever. This is a contagious skin disease, due to a vegetable parasite. There are in the scalp, but sometimes also on non-hairy portions of the body, patches usually rounded and showing cup-shaped, sulphur-yellow crusts perforated by hair. These crusts have a mousy smell. Sometimes the nails are affected, from scratching the patches. The trouble is chronic and may result in extensive scarring and loss of hair. It is a very prevalent disease in Europe, and is frequently the result of uncleanness or of association with the unclean. Oftentimes too it is contracted from the lower animals, as cast and dogs. The trouble is not on the skin surface but deep down in the hair roots. The only way to cure fever is to isolate—that is, to pull out with tweezers all the hairs in and for an eighth of an inch around the patches; and then to rub in sulphur ointment or calomel ointment (3 grains to the ounce); or in severe cases a five per cent ointment of mercury ointment. A child suffering thus must of course be kept from school until it is cured of its fever.

QUESTIONS AND ANSWERS.

Pain in the Neck.

What is the reason of pain in the back of the head and neck? It is sometimes so great that on arising in the morning I cannot raise my head from my pillow until I pull the affected part, which soothes it. And the pain continues through the day, sometimes so much that I cannot turn my head from one side to the other. This is a great strain as I work all day and every day in the week. What can be the cause and is there any relief to be had?

Answer—There may be any one of a number of causes. The one obtaining in your case can be stated only after examination by a good family doctor to whom you should go. Such "cervico-occipital neuralgia" occurs when there is epilepsy, spinal irritation, meningitis, disease of spinal bones, adenoids, eye strain, decaying teeth, peculiar to womanhood, dimness, dyspepsia, tumors within the head and so on. In your case neuroasthenia (nervous exhaustion) appears to be the underlying cause. For this the only sure cure lies in measures which in this workday world of ours it is oftentimes very hard to adopt. The only way to be rid of such neuroasthenia is by giving up work, resting, taking nourishing food and the leading of the hygienic life (as to this I am mailing you information). Many sufferers persist in working (perhaps sad to say, there is no other way); and then to relieve the pain they take headache remedies made of coal tar products such as may indeed temporarily give relief, but which weaken the heart and so tend to make the physical conditions worse rather than better. I hope you can rest and until your nervous system fatigue is relieved from, take the other measures I am advising.

Weight for Age.

What is the correct weight for a man of 21 who is 5 feet 6 inches tall?

Answer—110 is right, from 120 to 180 is within health limits.

Right Shoulder.

For some unexplainable reason my right shoulder-blade is considerably larger than my left and on a higher level; so that it protrudes somewhat. Can I do anything to correct this deformity?

Answer—It may be due to your occupation, which you do not mention. Some sportsmen are thus affected. In some trades the right hand and arm muscles are much more used than those of the left side. Playing tennis with the left hand should do much to correct the deformity.

EVENING CHIT-CHAT

(By RUTH CAMERON)

A Thin Escuse.

There are some people who seem to place their hopes of heaven in other people's failure to keep true to ideals.

A queer Repository, isn't it? And to my mind about as safe as a cardroom box would be for a safety vault.

Perhaps you don't at once recognize the type I mean. I mean the sort of person who explains his failure to become a Christian by pointing to some of the people who profess to be Christians and don't do the name any honor.

What do I want to do to the church for? he will say. "Look at Mr. M—! And you ever see a mean skinflint? And he's a deacon! No, thank you. I've no use for such hypocrisy."

Thee Might Be Glad If She Didn't Gossip.

Or a woman will say, "When I hear some of these ladies and women gossiping I'm glad I don't belong to any church."

An if that were any thing to boast about. She might well be glad if she didn't gossip, but she probably doesn't.

She might well be glad if she has a license to do so because she has never been willing to place the restraint of a public pledge to higher ideals upon herself.

Not to feel below ideals because you haven't any is no particular credit.

That's No Reason You Shouldn't Try.

Because people who profess to be Christians aren't all they do, he doesn't justify you one bit for being afraid to even try.

And it is furthermore greatly to your discredit to persistently judge any movement by those who disgrace it instead of those who honor it.

In my morning paper the other day I noticed that the executive committee of the Russian revolution posted a proclamation condemning acts of violence supposed to be committed by revolutionists. "Only madmen or enemies of national liberty are capable of such revolting acts which might compromise the Russian revolution" said the placard, and went on to appeal to the people to prevent a repetition of such acts, remembering that democracy is in principle right. Altho we see brilliant superficial merits in certain results of autocracy, we hold that autocracy is in principle wrong.

Just as Lincoln enunciated more than 50 years ago, "This nation cannot endure half slave and half free," so with the growth of the world we see that the world can't endure half slave and half free. We are warning to make it free.—Chicago Tribune.

WAR OUTLOOK.

The great steps which the United States is taking towards real war operations—namely, the registration for conscription and the campaign for the liberty loan, have brought home to the people the enormous responsibilities of our situation, and the realization of impending sacrifices which we must make as individuals and which will grow heavier and heavier as the war progresses. These considerations have produced a pessimism which has induced some to give greater weight to the unfavorable aspects of the situation than are warranted in forecasting the final result.

It is natural that the strain of mobilizing enormous forces in a few months to combat the carefully built up aggressive legions of militarism which it has taken years and years to perfect, should produce occasional periods of doubt and depression.

But the dominating fact is that on the side of the allies is arrayed a preponderating balance of man-power, of financial power and of unlimited natural resources, which, even in a war of exhaustion, must win.

Add to this the fact that the rights of man as against the lust for world power—the subjugation of all nations—is the cause for which we are fighting, and there can be no doubt of the result.

It is a war to protect life and home and firesides from the cruelty and debauchery of an enemy which is violating every right of human civilization in a desperate attempt to shackle the nations of the world. There can be no breaking down of the will to resist such aggression. In other words, we have both might and right on our side—an unconquerable combination.

It is becoming more evident that the war is to be a long one. In the condition of great activity prevailing and the existence of contracts far ahead, it is possible to forecast another year of industrial and financial activity, accompanied by large profit margins. Business is adjusting itself to the new conditions imposed by so much work and doing this without any disturbance.

George Creel says his "Official Bulletin" is not a newspaper. That's all right, George, your apologies are accepted and don't feel badly about it.

Secretary Redfield urges "no more tin cans, except for food." Perhaps he will also issue a bulletin giving the best ways to cook tin cans.

The Russians have decided that private need not saints their officers. This removes one of the objections that Russians have to army life.

Saving Summer Foods

(By Frederic J. Haskin.)

Washington, D. C., June 10.—Every woman can serve her country this summer by canning as much as possible. It is her duty to the nation as well as to her family. We can't afford to waste a bean or a raspberry—else we may live to regret it next winter when the ground is covered with six inches of snow and there is no chance of harvesting anything but big appetites.

It is a commonplace to repeat that in recent years the apartment house, the canning factory, the bakery and the delicatessen have been doing our housekeeping for us. Why buy bread when you can buy it from a bakery? Why wear your nerves out cooking when you can buy cooked food at the corner delicatessen, and why can food when you can buy canned goods at any grocery? And so, every year, tons of fresh vegetables and fruits have rotted on the ground.

Now the war has changed all this. It is as if we were suddenly plunged back to the times of our ancestors when the feeding of every family was the individual responsibility of its women members. The modern woman has been made to realize her waste and extravagance through the bitter school of high prices, and she now stands in the same position as her grandmother, who baked her bread, carefully planned the meals, and canned every left-over product because food was scarce and the chance of winter was always in the background. There is this difference, however. Our grandmothers were trained for it, while the great majority of modern women are not.

Our grandmothers used to sterilize their fruits and vegetables three or four times before they packed them, and even then lost a great deal of the product through spoilage. By the modern methods, the housewife puts the fruit or vegetables in a pan and blanches them in boiling water. Then she quickly dips them into cold water, removes the skins and cuts them into the proper sizes for glass jars or cans. She next puts them in the jars or containers, pours hot syrup on the fruit and hot water and a little salt on the vegetables and partially seals the jars. (In the case of tin cans they are soldered.) The products are sterilized after they are in the jars or the containers.

The boiling or sterilizing of the jars may be done in an ordinary home-made outfit, such as a wash boiler, tin pail, milk can wash tub or salt-pail. It fitted with a false bottom, lifting handles and a tight-fitting cover, such an outfit is much more convenient. Then there are manufactured outfits, costing anything from \$10 to \$25, which, like the vacuum cleaner, are not necessary to do the work, but are much more efficient. One of these is the steam pressure cooker, and the water-seal outfit is another.

The steam pressure cooker is a large kettle, with a rack in the middle to hold the jars, and a lid that screws tightly on, supporting a pressure gauge, a safety valve and a steam valve. Before putting in the jars, the kettle should be filled with water half way up to the neck. Then it is then screwed on, and as soon as the water boils steam pressure is created, the amount of which may be gauged by the thermometer on the lid. From five to 30 pounds of steam pressure may be generated by

most of these precautions are well known to the experienced canner.

Under no circumstances must the sterilization of the food be confused with "boiling." It is one of the most common errors to do this.

PLAN BIG DAY HERE JULY 4

Forty-five Organizations Al
ready Pledged to Take Part
In Big Morning Parade.

TAFT AND "TEDDY" INVITED

Fifteen thousand marchers, carrying American flags, will be in line in the big parade, to be held in Aurora July 4 when a patriotic celebration will be held. Six bands, one of which will be the Great Lakes naval station band with John Philip Sousa, America's great band master, as director, will be in the parade as well as all military organizations of Aurora and lodges, units and organizations of all kinds, business men on the arrangement committee promise.

Accompanying Sousa and the marching band will be several squads of "jockeys" from the training station, among them several of the Aurora boys now in training there. They will also drill during the day here in plans of Aurora's materialize.

Former Presidents Taft and Roosevelt have been asked to be present on that day to speak. They have been invited by Congressman L. C. Copley. No reply to the invitations have been received as yet.

To Be Real Demonstration. Besides a naval military drill by the marines, there will be drilling by the Aurora Zouaves and several other organization drill teams. At the meeting of the parade committee held last night it was decided to taboo the word "celebration" in connection with the affair on account of it being a strictly patriotic movement. It is to be advertised as a demonstration.

The time for the parade has not been arranged as yet, but it was announced this morning that it would probably be in the evening. Forty-five different organizations have already consented to join in the parade and others are invited. The parade committee would like to have all organizations taking part notify them of the number of marchers they will have by reporting to City Attorney Albert J. Kelley at the city hall. This is necessary in determining the line of march so the order of the organizations can be arranged.

Floats Barred.

Floats are to be barred from the parade. This is done on account of some taking advantage of the occasion to advertise by this means. All public and parochial school children in the city have been asked to join in the parade.

Another meeting will be held to-night at the city hall at 8 o'clock, at which all those who attended last night's meeting are requested to be present, as well as representatives of other organizations which have not yet entered names for the parade.

All other celebrations ever attempted in this city are to be outdone by the demonstration here next Fourth of July. It was said by leaders in the movement this morning. Several features which are not ready to be made known at this time are being worked out now and will be announced later.

WEST HIGH GRADUATION EXERCISES IN CHURCH

PRESNTATION OF DIPLOMAS TO NIGHT TO BIGGEST CLASS.

There will be a "break" tonight in the custom of having West High school graduation exercises in the Strand theater, formerly the Grand opera house. The presentation of diplomas and the incident exercises will take place at the New England Congregational church. The theater which was formerly dark a large part of the time at this time of the year, is now showing photoplays every afternoon and night.

Invitations announcing the exercises in the theater were printed, but are in error.

Sixty-three graduates are in the class, making up the largest class in the history of the school. Diplomas will be given to parents to hold in trust for the following members of the graduating class who have enlisted in the army: George Johnson, George Herrick, Elverton Gelpel, Gustav Töbel and Carl Ecklund.

Admission to the exercises will be by ticket only until 8:15 o'clock, when the remaining seats will be filled without them.

The program:

Processional march, Wheeler, high school orchestra.

Invocation, the Rev. R. H. Claxon.

Songs — "The Wind," "Carmina," Girls' Glee club.

Salutatory, Jeanette Langhorst.

Address — "The Meaning of the Public High School," Dr. J. W. Cook, president Northern Illinois Normal school.

"Good-bye," Tost; Glenn C. Stables, Valedictory, Marguerite Swigard.

Presentation of diplomas, Dr. D. Culver.

Songs — "Ashes of Roses," "Alma Mater," Girls' Glee club.

Benediction, the Rev. A. R. Heaps.

ELECTRICAL STORM CAUSES FIRE CALLS

Lightning Strikes Smokestack at Aurora Cooperage in Haven Avenue Last Night.

Another Bolt Fires Royston Wholesale Building; Small Damage Is Done at Both Places.

Lightning last night during the severe electrical and wind storm was the cause of two fires in Aurora. The first blaze was at the Aurora Cooperage Company, New Haven avenue on the west side.

At 10:25 o'clock lightning struck the smoke stack on the building. The stack is of brick and 80 feet high. It was struck at the top and circled of brick three feet in diameter, knocked out. The brick fell thru the roof of the building but no damage was done outside of that to the smoke stack.

Morning Fire.

At 3:30 o'clock this morning the fire department was called to the brick building formerly occupied by the Fox River Butter Company, now used by the F. E. Royston & Co. wholesale grocery firm. An iron conduit thru which a 500 volt feed wire runs was struck by lightning. The conduit and wire were burned out and the wooden door, window sills and part of wall were slightly burned. It was estimated this morning that the loss would not exceed \$50.

TO OPEN ISLAND HOTEL BY JULY FOURTH, PLAN

The managers of the new Hotel Aurora expect to have the place open for business Monday, July 2, to take care of the large number of outside people who come to Aurora for the celebration on July 4. John M. Murphy, construction superintendent, stated this morning that he was quite positive the new hotel would be opened on that date.

TO CONVENE HERE

The state association of county recorders and of the clerks of the circuit courts will meet in annual session in Aurora in August. County Recorder Charles Doetschman and Circuit Clerk Justus L. Johnson landed the convention for this city. The delegates will spend part of the time inspecting the Kane county record systems and will visit places of interest.

The board of supervisors yesterday appropriated \$200 to help cover expenses of the convention.

One of the pretty customs of the day is the grouping of tiny silk flags of the allies, arranged in a vase in flower fashion. It is said that the flags are selling the little flags almost faster than they can be made, and the cluster of colors looks extremely pretty, not forgetting the patriotic banner of Belgium.

The G. A. R. Flag.

The women of W. R. C. No. 10 met

Monday afternoon and all day Tues-

day completed the 12x24 flag,

which will be flown from the flag

staff before G. A. R. hall. There was

a luncheon during the work day, in

Mrs. Gertrude McDonald.

These women bought what is known

as "bulldog" bunting, sewed the strips

together in old fashioned "sewing

style," the ends being tied in a

seam and reserving in such a way

that no raw edges appear. The stars are

applied by sewing on strips of white

on each side of a blue field, while

Gifts of Distinctive Value

No other gift to the bride ranks quite as supreme as the ever-popular presentation of silver flatware. Especially in plated ware do we show an exceptional variety, including every new pattern which has been stamped correct, as conceived by reputable makers. Plated flatware is rather inexpensive, too, a regal, dignified gift, whether presented in individual or complete sets.

Superior Furniture Values

The business of this store is not only furnishing the things necessary to equip a home completely, but also to assist its customers in buying the practical, needful furnishings which at the same time lend harmony, balance and beauty to its interior.

For those buying a single article or a complete home outfit we have made the way easy, because of our large selection of superior furniture values and our reasonable prices.

The Lucky June Bride's

housekeeping equipment must necessarily be chosen with foresight of the use which long years following will give it. If she buys high grade products they may never have to be replaced. In after years there will cling to them the sentiment of her young married life, and she shall then cherish all the more their endurance and service.

Cheaper articles will not last, will not give the desired satisfaction. With that idea paramount this house caters for the patronage of all June Brides. Established in 1885, it has built a record for honest dealing and honest merchandise at harmonious prices. But laying reputation aside, a visit to this store will give anyone a high opinion of the wares sold.

Nationally trade marked products grace its display counters; lines decided on after a test of time. So, if there is anything in aluminum, granite, cutlery, household goods or refrigerators desired for the new home, this is the logical place to find the best. We have acted as your agents to secure it—can we show you?

LUCKY JUNE BRIDE!

Results of the Generous Spirit of Aurora's Progressive Business Firms Thru The Beacon-News

The Beacon-News asks that the couple call up the Western Union Telegraph Company and give them the time of their marriage.

The minister performing the ceremony is requested to notify The Beacon-News of the correct time of the marriage as soon as possible after the ceremony.

Announcement must be handed in not later than 9 o'clock a.m., June 16, 1917.

The Beacon-News will publish the name of the "Lucky June Bride" and give her a letter of authorization so she can secure the gifts mentioned by presenting it at the stores here advertised.

The June Bride and Her Problems

One of the first she must solve is: "Who's to be her grocer?" As every bride naturally desires her home a model, it's conduct a criterion for her children, its maintenance a realization of "hubby's" fondest dreams; this question is very important.

Nothing brings it more up to such a high standard than a "good table." It is thru this medium that the good housewife expresses her love of family and environment. It is the one thing thru which she guards the health of husband and children and self and shields them from sickness due to wrong diet, unclean and impure foods. Thus it behoves her to be careful in selecting her grocer.

A house guaranteeing a quick, courteous and clean service and pure wholesome foods is the object of her search. To these ideals this store has been dedicated—people requiring such service patronizing it feeling sure of protection. Nothing left undone to keep it in the lead, there is nothing put aside to make it more deserving of your patronage.

The lucky June bride will be presented with a sack of high grade hard patent flour, which together with our wishes we hope will be instrumental in giving us a trial. Then continued patronage will be a constant aid in making your home a paradise.

June Is Home-making Month

And We Are Ready for the Occasion—We Will Furnish the Home

AS customary, the flowery month of June will witness many weddings. June is the traditional month for marriage. Mothers, grand and great-grandmothers under the superstitious sentiment of the times, heard the magic words that made them wives and accepted graciously the fond blessing of priest or parson in the same lovely month.

BEFORE the echo of the wedding bells grow still, the minds of the bride and groom wander consciously or unconsciously to the place where they can call their home. So much depends upon the home surroundings—the home furnishings, they really make the home itself.

WITH sixty-five years of fair and successful dealing, there is not another furniture store in this city in the same position as the Denney store to supply the perplexed couple with furnishings from cellar to attic. Young couples will find it a matter of economy to buy the complete outfit here, where they may also receive the benefit of liberal credit terms which are not based on higher, but regular cash prices.

HERE the gift seeker can select wedding gifts, real serviceable and appropriate ones, gifts that will be appreciated. Ask for our assistance. Visit the one store in Aurora eminently qualified to cater to your every desire. A visit in no way obligates you.

Practice Wise Economy

That's the first essential for happy married life beginning in this day of adverse market and trade conditions,—especially advisable in the purchase of everyday necessities. Aurora June Brides will be cordially welcomed at this center of economy where thrifty buyers have learned to make their dollars count. Groceries of highest quality, prices always reduced to the minimum and a service second to none are factors which permit us to invite new patronage with the conscientious guarantee that satisfaction will result. No store will be happier to serve you.

Furnishings for the New Home

We all know there are more weddings in June than any other month in the year. We also know there is more furniture sold at regular prices than there is at genuine reduced sale prices—as it does not become necessary to conduct a big sale in June—but here we are in the midst of a Great Removal Sale, values never greater and prices never less, an event of supreme importance to June Brides who wish to furnish their homes completely from the newest designs in furniture the market affords.

Taking advantage of the exceptional money-saving prices at this Removal Sale means not only satisfaction in goods purchased but in the amount expended as well. We shall exercise the utmost care in helping you to make wise selections and advise you carefully on everything you buy, the pieces you want and the ones that will look best in your home.

WRESTLER ENLISTS

(By Associated Press Leased Wire.)

Muncie, Ind., June 14.—Jimmy Chance, great wrestler, who has just returned from a successful campaign, has made good a promise given before starting on the trip, by enlisting in Company G, Indiana national guard of this city.

In the company is Jimmy Watts, a light-weight boxer. Watts enlisted some time ago, declaring he believed the time had come for real fighters to fight for their country and "not for coin."

Joe Green, Strothers and Allison Are Among Old-timers in Union Giant Lineup.

WILL PLAY LOCAL SEMI-PROS

In the lineup of the Chicago Union Giants, who play Aurora next Sunday afternoon, are a number of colored players who have ranked among the semi-pro stars in Chicago for years. The club is in the circuit of the Chicago league.

Joe Green, one of the best known colored players in the country, is playing manager of the club. He is holding down third base. Green has been playing semi-pro ball in Chicago for at least 10 years and is about as good in his old age as he was when a youngster.

Jenkins in Center Field.

The local fans will never forget "Squatty" Jenkins, the Giant's right fielder. He hit his home run in the left field fence at Five Rivers. A couple of years back, the longest drive ever made on the local grounds, Jenkins was formerly with Rube Foster's American Giants.

Strothers, the Giant catcher, is also another old timer. He was the receiving end of the famous Foster-Strothers battery. At this late day he is considered one of the best colored backstops in the country and is a dangerous man at the bat.

In the pitching department the Giants have Kelly and Whitworth. The former has twirled here last season and made the Aurora boys look bad. He has a world of speed. At the start of the present season he blanked Rube Foster's team with two hits. Whitworth has been with the Giants for the past two years. Before joining the Chicago team he was with the Philadelphia Giants.

"I'm with You for all I'm worth"

The man who puts on a uniform and goes to take his place where the fighting is done is with the Government *for all he is worth*.

When man has staked his life he can go no farther in proving his loyalty.

There are many of us who cannot offer our lives in the service of our country. Nevertheless, we, too, can prove that we are with our Government and our Nation for all we are worth.

By purchasing Liberty Bonds to the full extent of our ability we prove our faith in the justice of our cause, we give our support to the men who are going to fight our fight, and we earn for ourselves the satisfaction that can come only through a conscientious performance of duty.

You Take No Chance

The man who goes to fight necessarily takes a chance. In buying Liberty Bonds you take no chance. Your investment is secure.

Liberty Bonds are just as sound as is the money which the Government issues. A Liberty Bond is better, in fact, than money, because the Liberty Bond you buy today is going to be worth more than its face value when you get ready to cash it in. Money never can be worth more than 100 cents on the dollar.

Put into service every dollar that you can spare. Show that you are with our fighting men in spirit. Let them know that you are with them *for all you are worth!* They need your support. Are you willing that they shall have it?

Liberty Bonds are sold at all banks. Don't let another day go by without proving that you are with the forces that are fighting for the preservation of liberty!

AURORA COLLEGE HAS ITS LARGEST CLASS

Seventeen to Get Diplomas—Hon. F. G. Blair to Speak Tomorrow.

Graduates Come From Nine Different States—Ten Will Receive Degrees.

This year Aurora college will graduate from its department of liberal arts and sciences the largest class in the history of the school. There are ten who receive degrees. They come from nine different states. One graduate from the school of music and six from the academy. Their names follow:

The Graduates.

College of liberal arts and sciences: Mary Savilla Blister, A. B.; James Franklin Carter, A. B.; Ethel Elizabeth Constock, A. B.; Venora Steppens Decker, A. B.; Frederick Charles Fenton, A. B.; William Kashkar, A. B.; Stanley Hazard Perry, A. B.; Ruth Varney Plankin, A. B.; Estelle Bishop Richardson, A. B.; Roswell Kees, Theron, A. B.

School of music: Cornelia Mae Smith.

Academy: Clarence E. Corbaley, classical; Mary Louise Corbaley, classical; Alfred Carl Edminster, classical; Clara Matilda McMullen, classical; Frances Anye Pine, classical; John Henry Kinkade, scientific.

The institution was in better shape than now. However, a vigorous campaign is to be waged during the next year to raise the permanent endowment fund to \$200,000. Several excellent field workers have been engaged who will make a careful canvass of the sections of the country where people live who are supporters of the college. The purpose is to increase the efficiency of the school and make it standard in every respect.

Here Five Years.

It is now five years since the college was moved from Mendoza to Aurora. In that period a great advance has been made along the lines of school development. The chief need of the college is a sufficient endowment, and that is what the present movement is seeking to provide.

Aurora college offers standard courses of study which meet the requirements of the state universities. The prices are so reasonable that it gives an opportunity to young men and young women of moderate means to secure a college education. In fact, quite a number of students in Aurora college are able to secure work in Aurora to pay all their expenses there. Aurora citizens offer more work to the college students than they are able to take care of.

The commencement speaker will be Hon. Francis G. Blair, U. S. superintendent of public instruction for Illinois. He is rated as one of the leading educators in the United States. Aurora college extends a very cordial invitation to the people of Aurora and vicinity to attend the commencement exercises, which are to be held in Eckhart hall at 2 o'clock.

ENTERTAIN TEACHERS

The teachers of Marion avenue school were entertained Tuesday evening by a number of mothers of pupils at the home of Mrs. Raines Thomas in 8th street. There were contests of varied sorts, and later a three course luncheon. The teachers present were Misses Ward, Weston, Steckel, Rieker, Klemmer, Miller and Jackson. Those entertaining were Madamene T. E. Jones, S. H. Cooper, E. C. Trott, J. Wysocki, H. H. Thomas and J. W. Flanders.

BRAKERMAN KILLED

J. E. Johnson of Galeburg, a Burlington brakeman, was killed suddenly at Mendoza this morning when his train collided with a switch engine. Johnson was working on eastbound extra freight train No. 5208. He was riding in the caboose. The engine was blocking the string of cars to the switch yards when the caboose crashed into a switch engine. Johnson was found dead in the caboose.

Details of the accident could not be learned at the Burlington offices this morning on account of the storm, having broken wires between Aurora and Mendoza. The inquiry was to be held this afternoon.

Conductor C. A. Robinson of the freight train is also a Burlington man.

ST. CHARLES

Lost—Gold watch, valuable as keepsake, between residence and east grade school. Reward—W. L. Judd.

Wanted—Girl for general house-work. Phone 309-M.

Societies and Clubs

Thursday—Members of W. R. C. are invited to the 8th floor day exercises at the People's church Thursday evening, June 14.

No Trace of "Red Whiskers."—The police have found no trace of the "red whiskered man" who Monday night attempted to enter Louise Wieser, 12-year-old daughter of Mr. and Mrs. Albert Wieser, 342 Main street, to go for a walk with him. He told her that he "would be nice" to her. The police believe that he was a stranger in the city.

West Chicago Flag Day—West Chicago is to have a municipal flag raising tomorrow afternoon and a feature of the ceremonies will be the attendance of all of the West Chicagoans who have enlisted in the navy or army. It was reported that 39 West Chicago men have enlisted. There will be a parade and at least 500 automobiles are expected to be in line. There will be patriotic speeches.

All women of the Galena Boulevard M. E. church are asked to meet Friday afternoon at 2 o'clock to sew for the Navy league.

Regular meeting of Court Jupiter, No. 55, Columbian circle in Dillenburg hall Friday afternoon.

Thru Social circle will meet in L. O. O. F. hall for an all day meeting Friday. Ladies will please bring lunch.

The regular meeting of the Aurora W. C. T. U. Friday will be postponed one week owing to commencement.

MISSION FROM RUSSIA ARRIVES IN SEATTLE

(By Associated Press Leaded Wire.)

Washington, June 13.—The Russian mission to the United States, headed by Boris A. Bakmeteff as special ambassador, has landed at a Pacific port. The party, consisting of about 40 members, will stop first at Seattle, Wash., and proceed at once to Washington.

Potatoes are still bringing \$1.20 per bushel, wholesale, it was said. This same price has been in effect since Monday when the market went up.

Trouble getting cars in which to ship these commodities still prevails. A local flour dealer said this morning that he has to place his orders five weeks ahead of time to be sure to have flour on hand all the time.

COL. GREENE CALLS ALL OFFICERS TO REPORT

Col. Charles Greene, commanding officer of the Third regiment, Illinois National Guard, today ordered all non-commissioned officers of the four local companies to report at 7:30 o'clock. The officers will attend a school of instruction presided over by Capt. J. H. McDowell, regular army instructor, who is spending three days here giving instructions to local militiamen.

WIELAND-HANKES

One of the most beautiful weddings of the season occurred yesterday afternoon when Miss Beulah Hankes, daughter of Mr. and Mrs. Nicholas Hankes of South Fourth street, was married to George Wieland of Billings, Mont., at St. Mary's church at 4 o'clock.

It was a gold and white wedding, the girls in the bridal party wearing the colors.

The bride was charmingly attired in georgette crepe heavily beaded and with silver lace. Her long veil was tucked held in place with a diamond and lace headband. The bride was lifted slightly at the waist, and her hair in one of the attractive modern arrangements. She carried a slender bouquet of lilies of the valley.

Mrs. Irene Hankes, a sister of the bride, was maid of honor. She was given away in white chiffon over taffeta silk with gold lace and carried a basket of yellow roses and white daisies.

Mrs. Cecil Hermes and Miss Anna Ross were bridesmaids. The bridesmaids' gowns were yellow georgette crepe over gold cloth and carried yellow roses. All of the bride's attendants wore Jacobins with yellow daisies and gold ribbon.

James Robinson of Chicago was best man and William Biltz of Chicago and Walter Ewen of Aurora were the usher. Richard Olinger, 2½ years old, was a ring bearer. The bride and groom walked to the altar.

The Rev. J. P. McGuire performed the ceremony.

Later a wedding dinner was served to the members of the immediate family at the bride's home and at 8 o'clock there was a reception attended by a number of young people. Light refreshments were served to the guests. The doors of the home were in keeping with the color scheme of the wedding, gold and white.

Miss Irene Hankes caught the bride's bouquet.

The bride and groom left last evening on an eastern trip. They will make their home at Billings, Mont., where the bride is associated with the Crystal Ice & Coal company.

Very cordial invitation to the people of Aurora and vicinity to attend the commencement exercises, which are to be held in Eckhart hall at 2 o'clock.

POSTPONE PLANNING TAG DAY FOR GIRLS' HOME JUNE 16

It was announced today by those in charge of the girls' home maintained by the Volunteers of America in Fifth street, that a tag day will be held Saturday, June 16, for the benefit of the home.

Social Chatter

DAVID SHARON, Dr. Eugene Pritchard, Robert Mall and Bert Moesing have returned from Detroit, Mich., in a new machine Doctor Pritchard purchased. They reported that the roads were in good condition.

Mrs. A. W. Jennings and Mrs. Anna Ross of Mount Union, Iowa, are visiting at the home of Mr. and Mrs. Elmer E. Jennings in Prairie avenue.

Hollis Routzahn of the Aurora postoffice is enjoying a vacation.

Mrs. James Stern and Mrs. E. Graff spent the day in Chicago.

Miss Edith Odden, a trained nurse, returned to Aurora last evening from a stay in Idaho.

Raymond Phillips, son of Mr. and Mrs. John Phillips of Pearl street who underwent a serious operation is doing as well as can be expected considering his previous condition.

Cards have been received from Mr. and Mrs. Reuben Hogan from Brown's lake, Burlington, Wis., telling of a delightful time. They are enjoying the fishing and the fine weather at the lake. Mrs. Hogan was formerly Miss Clara Watkins.

Lewis Lewis Jr. son of Mr. and Mrs. East Hovels Sr. of Chicago, is recovering from an illness at the home of his grandparents, Mr. and Mrs. John Bentson in New York street.

Mrs. Clarence Wulf entertained 16 women friends, members of the Columbian circle last evening. There were cards, the scores going to Mmes. Mrs. George, Henry Wulf and Thomas Gage. Luncheon was served.

Miss Effie Posson of Maple Park is visiting Mrs. Albert J. Hopkins of North Lake street.

Mrs. Cecil Kelley and little son of Milwaukee, Wis., is visiting her parents, Mr. and Mrs. E. S. Hanna, of Downer place.

Mrs. J. H. Pearson entertained Saturday afternoon for Miss Margaret Proctor, formerly teacher of the school for the deaf, east schools, and for Miss Amy Lowe of Paducah, Ky., formerly a school nurse. Miss Lowe will remain with Mrs. Pearson for some time.

To Entertain.

Mrs. Elsie Kellett will entertain Misses Helen Denney and Laura Bardwell.

For Miss Bierseth.

Misses Gertrude Lily and Sarah Bierseth entertained last evening in honor of the approaching marriage of Miss Sigma Bierseth. There were number of games, one being most amusing and a little unusual. The hostess proposed an advertisement for a maid, giving requirements that each respond to this advertisement, setting forth her abilities. Mrs. Nancie Berg's reply most nearly satisfied the said requirements, the entire game being attended with mirth and many allusions to "The Beacon News." A delicious luncheon was served, carried out in pink and white.

Oldest Resident of Montgomery Succumbs Early Today at Age of 94 Years.

Was Mother of Miss Ellis Mead, Principal of Montgomery Public Schools.

Mrs. Martha Jane Mead, 94 years old, of Montgomery, one of the oldest residents of Kane county, died this morning at 5 o'clock at her home after an illness of several weeks.

Mrs. Martha Jane Radney was born in Solon, Countian county, N. Y., July 20, 1822. She came west with her parents when 21 years old, and her family settled at Beloit, Wis. She was married to David Mead soon after arriving at Beloit.

Two children were born to them, Miss Ellis M. Mead, now principal of the Montgomery school, and Fred Mead who is mechanical superintendent of the Lake Charles Electric Light & Transportation Co., of Lake Charles, La.

Miss Mead moved to Montgomery 23 years ago and her mother followed the next year.

The funeral will be held from the late hour Friday at 2 o'clock and the body will be placed in the Montgomery mortuary on the Riversides cemetery.

Mrs. Mead was a member of the New England Congregational church and the pastor, the Rev. A. R. Hayes, will conduct the service.

Mrs. Mead was an aunt of Charles Mead of Geneva, newspaper publisher.

Mrs. Margaret Selmarian.

Mrs. Margaret Selmarian, a resident of Aurora for 50 years, died at the St. Joseph's hospital yesterday at the age of 90 years.

She leaves three children, Mrs. Anna Fieldott of Batavia and Conrad and Elizabeth Selmarian of Aurora. Her husband died several years ago.

The funeral will be held Friday morning at 9 o'clock from the home of her son, Conrad, on the church road and at 2:30 from the Big Woods church interment will be in the St. Nicholas cemetery.

Pass Universal Budget.

By Associated Press Leased Wire, Springfield, Ill., June 12.—The University of Illinois appropriation bill, carrying a total of \$4,800,000 for the next biennium, was passed by the house today. As amended, it prevents the expenditure of any of the \$400,000 building funds appropriated for construction of new buildings, permitting its use only for completion of buildings already started.

AFTER GRIPPE

Mrs. Findley Made Strong by Vinol

Savory Hams.—The Grippe left me a week, nervous, thin, slow and cold. I was too weak to do my housework and could not sleep. After trying different medicines, without success, I turned to Vinol. It gave me strength and appetite. Vinol is a grand medicine and every weak, nervous, run-down woman should take it. It is a great medicine.

Vinol strengthens the appetite, aids digestion, enriches the blood, and builds up natural strength and energy. Try it on our guarantee. N. Benton, druggist, Harkness Pharmacy.

SYMPTOMS OF HER DISEASE

Backache, Soreache, Nervousness, Dizziness, Faintness, all Disappeared After the Woman's Medicine was Taken.

Kingfisher, Okla.—For two years I suffered with a severe female trouble, was nervous, and had backache and a pain in my side most of the time. I had dizzy spells and was often so faint I could not walk across the floor. The doctor said I would have to have an operation. A friend asked me to try Lydia E. Pinkham's Vegetable Compound. After taking ten bottles I am now well and strong, have no more pain, backache or dizzy spells. Everyone tells me how well I look and I tell them Lydia E. Pinkham's Vegetable Compound did it.

Mrs. NINA SOUTHWICK, R. F. D. No. 4, Box 33, Kingfisher, Okla.

Every woman who suffers from female trouble, nervousness, backache or the blues should try Lydia E. Pinkham's Vegetable Compound as Mrs. Southwick did, or if they need free advice in regard to any annoying symptom write to Lydia E. Pinkham Medicine Co. (confidential), Lynn Mass.

OLD DOBBIN RETIRES

Dobbin, the 15-year-old horse of William Graham of Sugar Grove, will end service in school work today, after traveling 18,000 miles in 10 years going from the farm to the Aurora school and return each day school was in session in drawing Roy Graham and his brother, Wray Graham, to and from school.

The Graham home is five miles from the west school and the horse has traveled 10 miles each school day, an average of 200 miles each month and 1,800 miles each year. Neither of the boys were absent or tardy during the time they attended the Oak street school or the high school. It was said.

Mr. Graham, a leader in Kane county farm organizations, said today that he believes his horse has established a record.

OFFICERS EXPECT PAY

By Associated Press Leased Wire, Peking, Monday, June 11—Conflicting opinions as to President Li Yuen-hung's proper course of action in the present political crisis were given today by Dr. George Morrison, a British subject and general advisor to the president, and by Prof. Nagao Aya, Japanese adviser to the president who were called on by the executive for advice. President Li Yuen-hung has taken no definite action in response to Gen. Chang Hsien who recently arrived at Tien Tsin with a body of troops and demanded that the president dissolve parliament.

The president is endeavoring to procure the counter-signature of Li Ching Hsi to the mandate for the dissolution of parliament which he has drawn up. Whether Li Ching Hsi will agree is doubtful.

Mr. Graham, a leader in Kane county farm organizations, said today that he believes his horse has established a record.

N. Y. LEADS RECRUITING

By Associated Press Leased Wire, Fort Sheridan, Ill., June 12—Candidates for commissions in the reserve officers' training camp were cheered today with the knowledge that the pay master will be at the camp with their first month's pay this week. Payment has already been made to the two engineering companies, one from each regiment as they are expected to leave the latter part of the week for some other camp for field training. The next division to receive the pay master will be the men who are being selected to go to a point on the Atlantic coast for field work in the coast auxiliary school.

While a word to the wise is sufficient, they usually hear a good deal more than that.

**WOMEN WAR WORKERS
COPY REGISTER NAMES**

Women members of the Fox River chapter of the Red Cross helped yesterday at Geneva in the copying of names of men who registered June 5. Copying the names has been a big job. It came at one of the very busy periods in the office. The many supervisors' committees were in session for several days last week, the regular meeting of the supervisors being held, and the June term of the county court began Monday.

All of the other county officials gave assistance to County Clerk Charles Lowry, furnishing stenographers from their offices for the work.

MISS RAYMOND GRADUATES

John M. Raymond of the firm of Raymond & Newhall, spent yesterday in Chicago attending the graduation exercises of the Chicago university. Miss Lydia Raymond, his daughter, was a member of the graduating class.

Mr. Raymond was much enthused at the sight of a number of men in the class who have joined forces with Uncle Sam in one capacity or another, who appeared at the exercises with uniform.

The sight was the occasion for prolonged cheering. Thomas Taslin of Joliet, formerly of this city, is among those from the university who have joined the ambulance corps and are expected to leave for France sometime this week.

MORE KANE COUNTY

CATTLE TO MEXICO

The several hundred head of fine bred Holstein cattle being shipped to Mexico from Kane county this week were purchased from farmers of Kane and McHenry counties by Ray Judd of St. Charles, buyer for the wealthy Mexican plantation owners and stock raisers.

Mr. Judd announced today that 200 of the cattle were shipped from Batavia via the Burlington railroad. The two Mexican plantation owners are at St. Charles and they inspect every animal that is purchased for them.

DIVING PIER TO GO

Chief of Police McCarty today announced that he would send notice to Frank Koeppel, 188 North River street, instructing him to tear down the diving pier he has built out from the west bank of the river near the site of the Aurora Brewing company. The pier was declared a menace to school boys by a coroner's jury which inquired into the death of Clarence Wells, 12 years old. The boy, although unable to swim, jumped off the end of the pier into seven feet of water and drowned.

LIBERTY BONDS

The Safest Investment You Can Make

IN a double sense Liberty Bonds are your best guarantee of safety.

They will safeguard your money because they are backed by all the resources of our Government. The \$50 bill that is passed to you over the counter at your bank is no better than the \$50 Liberty Bond you buy.

As long as the money that the Government issues is good, Liberty Bonds will be good, because they are backed by the same authority and the same resources that are back of the money you accept in payment for what you have to sell, whether it be labor, merchandise or the product of the soil.

But more important than that, Liberty Bonds will insure your own personal safety, the safety of your children, the safety of your home, the safety of your country, the safety of your future!

Liberty Bonds are issued for the purpose of making it possible for you and your family to live in a free country.

They are issued for the purpose of enabling the United States to remain an independent Nation, untaxed and unoppressed by any autocrat, and owing allegiance to no power under Heaven.

Can you ask, then, whether Liberty Bonds constitute a safe investment? Can you hesitate for a moment to invest in this guarantee of your liberty and your safety every dollar that you can raise?

The \$2,000,000,000 to be secured immediately through the sale of Liberty Bonds is needed to enable our Army and Navy to strike down the danger that threatens our liberty, our safety, our homes, our very lives!

Every good American—every one who lives under the protection of our flag and hopes that it may continue to protect him and those who are dear to him—should subscribe to the *full limit of his resources* in Liberty Bonds.

They draw 3½% interest, are non-taxable, and are as good as cash whenever and wherever you may have to use them. Their value will increase every year that you hold them.

Buy Liberty Bonds in \$50, \$100, \$500 and \$1000 denominations at any bank, post-office, newspaper office, express office, or hotel.

Don't think that *your* purchase is not important. Don't think that it will make no difference whether *you* buy Liberty Bonds or not. *It will* make a difference.

It is *your* safety that your Liberty Bonds are to protect, and it is to *YOU* that this message is directed.

NIC WILLIAMS & CO.
AURORA, ILLINOIS

Beacon-News Pub. Co., Aurora, Ill.
Gentlemen:

"DO YOUR BIT—NOW" is exactly what every reader of your great NEWSPAPER would like to do—if he knew HOW. This advertisement tells what an opportunity each reader has to "DO HIS OR HER BIT—NOW," and that is—

BUY LIBERTY BONDS.

Every American, every man and woman who lives under the protection of the Stars and Stripes is invited to have a part in Uncle Sam's "LIBERTY LOAN" of Two Billion Dollars for the protection of our country.

Wherever the word Patriotism means what it meant to our fathers and mothers and their fathers and mothers, there should be a quick response to this call. The man who has to stay at home because he is unfit for military service can "do his bit" by subscribing to the "LIBERTY LOAN".

So, too, with the woman, whether she finds it possible or not to enter any of the branches of service provided for women.

All can buy "LIBERTY LOAN" BONDS and thus aid their country at this time, when the aid of all is needed. So may their children—the boys and girls of the nation—subscribe to the "LIBERTY LOAN." It is their great stake in the future.

So sure am I that your readers will respond to this call that I am sending you herewith my personal check to pay for this advertisement—as the quickest and most efficient way for me to reach every reader of The Beacon-News.

Every one who buys "LIBERTY BONDS" now will know that he has taken the first step in the right direction to HELP WIN this war, and I hope thousands of your readers will become active supporters of the Government by purchasing as many "LIBERTY BONDS" as possible within the next thirty-six hours.

Sincerely,
NIC WILLIAMS, Proprietor.

An Eleventh Hour Message

Our country asks that those who cannot fight loan their dollars. "Choose You This Day Whom You Will Serve."

Go to any bank in the morning and buy all the Liberty Bonds you can afford.
